ing June 30, 1907, as passed by the sen atc. this amendment being commonly known as the Beveridge amendment. THEODORE ROOSEVELT. The White House, June 4, 1905.

THE REPORT.

The report says that two and onehalf weeks were spent in the Inves-tigation in Chicago, during which "we went through the principal packing houses in the stock yards district, to-gether with a few of the smaller ones, a day was speet by Mr. Reynolds in New York City in the investigation of its leading shughter houses." The re-port says that in many of the rooms where water is used freely the floors are seaked and slimy and the dark and dangy rooms are naturally not kept suitably clean. An absence of cleanliness was found everywhere in the handling of meat being prepared for the various meat food products. The parts that are sent from the cooling room to these departments where various forms of meat products are prepared are handled with no regard whatever for cleanliness. The workers climb over heaps of meat, select the pieces they wish, and frequently them down upon the dirty floor beside their beach.

MEAT ON FILTHY FLOORS.

In a word," the report adds, "we saw meat shoveled from filthy wooder floors, piled on tables rarely washed, pushed from room to room in rotten ox carts, in all of which processes it was in the way of gathering dirt, splinters, floor fith. It was always the reply that this meat would afterward be cooked and that this sterilization would prevent any danger from its use. A very considerable portion of the meat so handled is sent out as smoked products and in the form of sausages which are prepared to be eaten without being cooked.

UNCLEAN SAUSAGES.

A particularly glaring instance of uncleanliness was found in a room where the best grade of sausage was being prepared for export." DEFECT OF INSPECTION SYSTEM.

The report says that the radical defect in the inspection system is that it is confined at present by law to passing on the healthfulness of animals at the time of killing, but that the meat that is used in sausage and the various forms of canned products and other prepared meat foods goes through many processes, in all of which there is possibility of contam-mation through unsanitary handling and further danger through the use of chemicals. During all these processes there is no government inspection although these products when sent out bear a label stating they have been passed upon his passed upon by government inspectors. The report arraigns the sanitary provisions in the buildings as abominable and says the men and women plunge their unwashed hands into the meat to be converted into food products. The report says the burden of protecting the cleanliness and the whole-someness of the products and the health of the workers and improving the conditions must fall upon the national government.

DEPT. SUPTS. SCORED.

Department superintendents "seem to ignore all considerations except the account book," and proper care of the products and of health and comfort of the employes is impossible and the consumer consequently suffers. Tub-erculosis victims expectorate on the spongy wooden floors of the dark workmest are later shoveled up to be later converted into food products,

DECREASE OF LIFE IGNORED.

"Even the ordinary decencles of life are completely ignored," says the re-port in discussing the arrangements of men and women employes. The report

The whole situation as we saw it and mevitably to the moral degradation of thousands of workers, who are forced to spend their working bours under conditions that are entirely unnecessary and unpardonable, and which are a constant menace not only to their own health, but to the health of those who use the food produnts prepared by them.

FOR COMPULSORY EXAMINATION The report urges compulsory examgoals, now except from inspection, intended for foreign or interstate com-merce, in the list subject to the inspection of the bureau of animal industry, and that they should be equally controlled by the regulations of the secretary of agriculture; increase of inspectors for night inspection and spectors. ial work; legislation prohibiting decranons of government inspection on food products unless subject to governinspection at every stage of preparation; prohibiting interstate trans-portation of any meat or meat fool products not inspected and labeled; urges considering of the specific labeling of all carcasses sold as fresh meat which upon examination after slaughtering show signs of disease, but are still deemed suitable for food; and reommends study of inspection standards of other countries.

# Before You Go

When about to travel, if subject to headache, nervousness, dizziness, or car-sickness, take one or two doses of Dr. Miles' Anti-Pain Pills before starting. They will insure you against an attack.

There are a great many who are sure to have headache, whenever they go to church or places of amusement, or where there is any excitement or oppression. Take them with you, and on the first indication, take a tablet and see how quickly it will disappear. To such persons Dr. Miles' Anti-Pain Pills are a great blessing. They soothe the nerves and allay irritation and excitement. "We always keep Dr. Miest Anti-Pain Fills in our hame, and find them a remarkable reusedy for the relief of headaches, nervoueness, etc. Two tablets never fall to stop the most severe headache, but one is usually sufficient. By taking a Pain Fill before going out to places of emusement, we find we do not have those distressing herdaches that formerly come with every little excitement.

ment Misses Mary and Ella Wie-Land, 1928 Sc. 12th St., Springfield, Dr. Miles' Anti-Pain Pills are sold by your druggist, who will guarantee that the first package will benefit. It it falls, he will return your money, 25 doses, 25 cents. Never sold in bulk. Miles Medical Co., Elkhart, Ind

# SENATOR GORMAN

Though III for Months, Immediate Cause of Death Was Heart Trouble.

Defeated, as Minority Leader, Federal Strikers, Numbering Hundreds, Had Election Bill-Opposed Purchase Of the Philippines.

Washington, June 4.-Arthur Pue Gorman, United States senator from Maryland, died suddenly at his resi- ers and the guards at the U. S. Coal dence in this city at 9:05 o'clock this morning. While Senator Gorman had this morning. Four men, two guards been ill for many months, he had and two strikers were wounded. No shown some improvement lately. Heart trouble was the immediate cause pared an ambuscade for the guards in

CONSCIOUS TO THE LAST.

I'm to the moment of death Senator German was conscious. His condi-tion during the past week had im-proved so much that yesterday the family had hopes of shortly taking him to the country. He partook of some nourishment at 8 o'clock this morning, but at 9 o'clock he was seized with a heart attack and died in five minutes. At the bedside were Mrs. Gorman, Miss Ada German, the sena-tor's eldest daughter, and the norse.

When the attack came physicians were sent for, but the senator was dead before they arrived.

Senator Gorman's illness extended ver a period of five months. He had not left his house since Jun. 16. He suffered in addition to his heart affiicion, more or less stamach trouble. week ago last Saturday he was seized with a heart atlack and it was thought then that he could not survive, but he rallied and seemed to get very much better. Up to late last night he was in the best of spirits and chatted with various members of the family. As soon as he passed away word was sent to the senate.

HIS FAMILY.

Senator Gorman leaves a widow and six children as follows: Miss Ada Gorman, Mrs. Wilton J. Lambert, Mrs. R. A. Johnson, Mrs. R. W. Hills, all of this city; Mrs. Stephen Gambrill of London, England, who arrived here a week ago, and Arthur Pue Gorman, Jr., of Laurel, Md., a member of the Maryand assembly.

A NOTABLE FIGURE.

Senator Gorman long had been cotable figure in the national Congress. He first took his seat in 1881 and served continuously for 18 year and nearly all of that time he was the leader of his party in the senate. Winning early a reputation for sagactly and the keenest judgment in congressional affairs, be ettained prominence not only as a leader in the senate, but in the country at large, and by many men was con-endered the most available man in his party for the presidency. He was chairthe executive committee and managed the campaign that resulted in the election of Cleveland in 1884.

HIS GREATEST CONTEST. The most notable contest of his con-ressional career, and one which at-cast is as follows: tracted to him wider attention than anything else was when he led schate minority in 1890-91 and defeated in the federal elections bill. To his sagacious leadrship and adroit management his party friends attributed the defeat of the measure which was so obnoxious to the south.

When the Democrats had control of the senate Gorman was the recognized leader of that body. It was at that time that the tariff bill of 1894 was passed. and although the Maryland senator was not a member of the finance committee he had so much to do with shaping the matter that his name is often given to it, and in fact it is frequently called the Wilson-Gorman tariff.

BREAK WITH CLEVELAND.

It was during Cleveland's last administration that a break occurred between the Democratic president and the lealer of the party in the senate. In a speech which always will be remembered by those who heard it. Senator Gorman severely arraigned the president. To this opposition, the defeat of Senator Gorman a few years later is attributed, although his party lost Maryland in the silver campaigns. As soon as the Democrats regained control of the state he was at once reelected to the senate. It was a tribute to his leadership that

as soon as he was again in the senate he was made leader of the minority and, although the seniority rule strictly enforced, Gorman was given committee places that were equal to those he had held after long continuous service.

OPPOSED THE PHILIPPINES. Senator Gorman was vigorously opposed to the acquisition of the Philippines and fought the ratification of the Paris treaty with all the force he possessed. Knowing that strong pressure was being exerted on Democrats who were standing with him, he urged an early vote which friends of the treaty held back until the necessary two-thirds of the senators were se-

CONDEMNED EXTRAVAGANCE. Condemning extravagance in public expenditure, Seantor Gorman's pleas for economy voiced the views of his party that less money should be spent for big ships and more for river and harber improvements.

Senators and representatives commit-tee employes, police and representacommittee employes, pages, all knew Senator Gorman inti-

mately and grief is general.

The news of his death reached the Capitol building at about 9:50 o'clock, when it was filling for the day's work, Every arrival was met with the ansouncement that the venerable minor ty leader had shifted life's cares and found rest from the illness that had kept his seat in the senate vacant all

of the present session.

The announcement in nearly every case brought forth spontaneous cutogles, such as seldom are given to any man, and especially to an intelpartisan who had been a leader of The expressive tributes, great party. o unanimous in bespeaking the loveableness of the man and silent conerning the incidents of political strife, best evidenced the marked esteem in

which he was held. Several of the most important committees which invariably meet on Monday, devoted nearly all of the time they were in session to discuss the high places Senator Gorman had filled in life at the Capitol.

FUNERAL PRIVATE.

It is understood that the services will be private and held at the Gorman home. The schator will be represented by a committee of its members, chosen from colleagues who served with him for many years. Senator Gorman, in a written request

addressed to Mrs. Gorman, asked that no state funeral should be held. He said that he did not wish his body to he brought to the Capitol, as he wanted his colleagues always to think of him as they knew him in life as an active

There he was always cheerful and smiling, and it is regarded as characteristic of his disposition that he should desire so to be remembered.

# CONFLICT BETWEEN DIES SUDDENLY MINERS AND GUARDS

Battle Lasted Fifteen Minutes. Over 500 Shots Being Fired.

NOTABLE FIGURE IN CONGRESS | FOUR WOUNDED, NONE KILLED

Prepared Ambuscade for Mine Guards.

Stuebenville, Ohio, June 4.-The first conflict between the striking coal mincompany mines occurred at 1 o'clock one was killed. The miners had prethe woods midway between Plumb Run and Bradley mines and as the 63 armed men, marching single file, came along the narrow path, a miner ahead shot in the air. At the signal the 250 strikers who were hiding behind the rocks and trees opened fire from the hillsides on the guards in the hollow. Many of the latter at once broke ranke and fled back to Plum Run, but others stood their ground and returned the fire. The battle lasted 15 minutes and over 500 shots were fired.

The firing only ceased as the guards ammunition had exhausted. The guards then retired to Plum Run.

The ambuscade was arranged last night because of an alleged assault upon an Italian union miner who refused to work.

Sheriff Voorhees has gone to the mines and before leaving he telephoned the adjutant general at Columbus to be ready to send troops if needed.

Matters are quiet today at Plum Run and Bradley, although there is much suppressed excitement.

An engagement between guards ond strikers took place at Glenn's Run mine No. 2 during the night.
All the men imported there have left but strikers and guards got to clashing in arguments, which led to blows and

then shots.

Nearly 75 shots were fred, and during the battle Supt, T. E. Young of Cleveland, who was at the mine directing the guard, was slightly wound-Indications were that the trouble which had existed in this region since the first of April would have been set-

tled today at all the mines but those of the U. S. Coal company of Cleve-land, but it is feared the trouble this forning will interfere with the nego-WILL SEND TROOPS.

Columbus, O., June 4.-The governor, through Col. Ammel, has ordered the Fourth regiment to mobilize here to go to the mines in Jefferson county.

#### MAY GO TO KANSAS.

Probable Change in N. G. U. Practise Encampment Program.

From a letter received by Gov. Cutler, it appears that the scene of the proposed practise encampment of reg. ular troops and militia, may be changed from Fort D. A. Russell, Wyo., to Rort Riley, Kansas, The Fort Riley encampment was planned for troops for the middle west, but so many states have replied that they would be unable to send troops, that there is accommodation there for a larger body than is in sight. For that rea-son, it is thought, a movement is on foot to consolidate the Ft. Russell en-campment with that at Fort Riley. The letter has been referred to Gen. Naylor who will prepare estimates of the cost of going to Fort Riley instead of Fort Russell. The estimates already prepared by Col. H. M. H. Lund show that for 400 men, which is the strength the guard, \$16,960 will be needed exclusive of horse hire. The estimate is for 8 days, and includes the items of 36.120 pay; \$980, subsistence and \$5.500 Mansportation. Both government and state funds will be available to meet this amount.

Gen. Naylor stated today that he would reply to Gen. Wintz, who is commander of the department of the Missouri, with headquarters at Omaha, stating that Utah estimates have been prepared for Fort D. A. Russell, but that the command would prefer to go to Fort Riley for eight days, if the difference in cost is not too great. Ap-parently from the letter of inquiry. Utah is at liberty to join an encamp-ment at either post. ment at either post.

#### MANHATTAN ROBBERY.

Daylight Desperado Gets Small Sum And Overlooks Fortune.

Manhattan. Nev., June 4 .- This morning at 6 o'clock an unmasked robber entered the Gold Wedge saloon and gambling house and robbed the till of \$57. He asked the bartender to loan him three dollars, and when the latter refused, drew a revolver and ordered the bartender and five others to hold up their hands. He evidently was an amateur as he was greatly excited and overlooked \$10,000 in an op-en safe two feet away. He backed half way across the room and in his ex-citement turned his back on the crowd and walked out. He has not The Only Way to Settle Question:

#### AMUSEMENTS.

Orpheum-"Alabama" which is to be presented by the Orpheum Stock company this evening will, according to Manager MacLean, be the most finished production yet given by his com-pany. He says: "I had two days to stage 'The Girl I Left Behind Me,' four to stage 'The Charity Ball,' and a week in which to put on 'Alabama.' I have no hesitation in saying that it will be the best yet presented by my company it is not I want the critics to tell the public so."

Lyric-A large audience greeted the opening performance of "An American Girl" at the Lyric theater on Saturday. The audience was generous with its plause and seemed to take great delight in the final overthrow of the plotters. The opening scene is New York, and from the rising of the curtain to the going down thereof, thrills come thick and fast to the delirium of the gallery gods. As before stated, New York is the opening scene, but the plotters. hero and heroine make a quick jump to South America, where more traps are land for the downfall of the honest heart, and for a time it looks decidedly dark blue for them, but joy and peace finally comes, when the good and innocent are triumphant and the of the wicked come to naught.

Lyric-"An American Girl" will be presented at the Lyric theater tonight.

The regular monthly meeting of the board will be held tomorrow night. SUMMER SCHOOL IN THEOLOGY.

Deseret Institute Will Hold Third Gov. Cutler Today Issued Proc-Annual Session in This City.

WILL BEGIN NEXT MONDAY. ANNIVERSARY IS THE 129TH.

B. H. Roberts, A. C. Lund, J. H. Paul Stars and Stripes to be Unfurled on And J. H. Evans Are Instructors -Course Will be Free.

The board of examiners for Church J. H. Paul have recommended and, have decided that for the present season the summer course most suitable to the needs of Church school teachers would be to offer the choice of any of the four lines of work in theology that ere regularly taught in these schools. It was further thought best to offer no courses in other subjects, as has heretofore been done, for the reason that the institute is to be held this year in Salt Lake City, where the Latterday Saints' business college and the State University are each offering courses of instruction in those lines most likely to be required by patrons of the institute. The studies to be given by the institute will occur at such an hour (7:45 to \$:45 a. m.) that students who take any theological course will be able to attend either the sessions of the business college or of the State University in addition.

It is also learned that the general board has passed a resolution effect that all teachers in Church schools who attend any summer school in this city will be expected to take also a theological subject at the summer institute.

The course in theology will be given free of charge to all qualified applicants that register for the work.

Sessions will be held on each school day for six weeks, beginning June 11, at 7:45 to 8:45 a. m., in rooms of the

Brigham Young Memorial building of the Latter-day Saints' university. SUBJECTS AND TEACHERS.

#### WILL NOW DRAW LOTS.

Who's Who in Murray.

Judge Ritchie today entered his final order in the election contest of Joseph Stern against Stephen L. Richards in which the office of city attorney of Murray is involved. The court declares the vote between Haigh and Richards a tie and refers the matter back to the city council of Murray, which is the toard of canvassers of election returns in that city, for action in compliance with section \$91 of the revised statutes of Utah. 1898. This statute requires that where there is a tie vote between two candidates they shall draw lots before the board of canvassers for the place. Just when this interesting proceeding will take place has not yet been determined. The order made by Judge Ritchie today follows:

Referring to sections 923, 925 and 6 of the Revised Statutes of Utah, 1898, the court cannot, according to the facts found, either confirm or annul the election. When the result is a tie there has been no completed elec-tion. Proceedings under section 891 of th Revised Statutes are necessary to complete the election. The court can only make a finding as to the number of votes for each candidate and upon the basis of that finding, when properly certified to the city council of Murray City it should proceed to perform the duty prescribed for it such cases for completing the result."

## DISPLAY THE FLAG ON 14TH OF JUNE

lamation for Patriotic

Program.

Business Houses and Homes Of Citizens.

Gov. Cutler today issued a fiag day schools, represented by Presidents G. proclamation in which he urges that H. Brimhall, James H. Linford and the citizens of the state fittingly observe the 129th anniversary of the upon receiving the approval of the Stars and Stripes on June 14 by disgeneral Church board of education, playing the flag on their business houses and homes and by holding patriotic exercises. The proclamation follows in full:

By the Governor of the State of a proclamation On June 14, the "Flag of Our Coun-ry" will be 129 years old. The custom of celebrating the anniversary of the flag is constantly growing; it is eminently fitting and proper that it should. For over a century the American flag has been justly recognized as the emblem of liberty and justice. To the citizens of America, everywhere, it guarantees individual liberty and protection of life and property. It is truly the "flag without a stain." The young should be faught the history of the flag; the old be given an opportunity to renew their devotion to it. The Stars and Stripes are loved more dearly today than ever before; the patriotism never burned more brightly than at the present time. It is, therefore, proper that the citizens of Utah unite in their respect to Old Glory.

Therefore, in accord with a commend-able custom, I, John C. Cutler, governor of the State of Utah, do hereby der-ignate and proclaim Thursday, June 14, 1906, as Flay day, and carnestly reconmend a general display of the attional emblem from all business houses and private dwellings throughout the state. The custodians of all state buildings are requested to decorate appropriately with the red, white and blue.
